Locking Systems International awarded U.S. Patent on its Universal PUCK Padlock™

Locking Systems International has been awarded a U.S. Patent on its Universal PUCK padlock. All together 18 claims were awarded under this patent.

The Universal PUCK Padlock™ uses a unique Universal Spacer that allows the end user to change the lock cylinder, thereby allowing the user to decide what security level they want just by changing the lock cylinder.

The Universal PUCK Padlock™ accepts most standard vending locks such as the Cobra7, CobraMatic7, Medeco, plus many others.

Founded in 1994, Locking Systems International, Inc is a manufacturer and distributor of many different types and styles of locks and locking systems. LSI manufactures the Cobra 7 and the CobraMatic 7 cam locks, vending locks and padlocks. Locking Systems International Inc. is a leading distributor and service center for Abloy and Medeco.
