## **Locking Systems International Inc. awarded U.S. Patent on its FLEX Padlock®**

Locking Systems International Inc. has been awarded a U.S. Patent on its FLEX Padlock®. All together 20 claims were awarded under this patent.

The FLEX Padlock® uses a unique Adaptable Cam that gives the end user the ability to change the security level of the padlock by changing the lock cylinder. The FLEX Padlock® is constructed of a hardened steel body and shackle. The shackle comes with either a one or two inch clearance and is user changeable.

The FLEX Padlock® accepts most standard 7/8" cam locks such as the Cobra7, CobraMatic7, Medeco, Abloy plus many others.

Founded in 1994, Locking Systems International Inc is a manufacturer and distributor of many different types and styles of locks and locking systems. LSI manufactures the Cobra 7 and the CobraMatic 7 cam locks, vending locks and padlocks. Locking Systems International Inc. is a leading distributor and service center for Abloy and Medeco.
